ISMAIL R. FARUQI was a professor and head of the Religion Department at Temple University, Philadelphia, PA. He is listed as one of the more prominent Arabs in the east. He was born at Jaffa, Palestine. He arrived in the U.S. as a student during 1951 and was naturalized as a U.S. citizen during 1973. FARUQI was the former mayor of Galilee prior to this land becoming Israel.

Left at the murder scene was a 15" survival knife depicted on the enclosed photo. Investigation at the Miami Division indicates that the knife used in the murder may be identical with the knife sold through Knifeco Company for Valor Company. Knifeco is a subsidiary of Valor Company. Miami Division has provided the Philadelphia Division with the companies who purchased this knife through the Valor Company and also individuals who purchased this through mail orders from the Knifeco Company.

Information from Miami Division indicates that this knife did not come on the market until sometime during early 1985. Knifeco advised that the product is purchased through Kantas Products, Ltd., P.O. 84-349, Tai Pei, Taiwan. Miami also advised that Valor indicated that they may be the only receiver of this knife in the U.S. in that they have not seen any ads in any of the sports magazines concerning the sale of this knife. Valor advised that if any companies would also handle this knife, it would be their two main competitors, being Compass, Inc. of 104 E. 25th Street, New York, NY 10100, telephone (212) 473-2614 or Joy Enterprises, 801 Broad Street, Ridgefield, NJ 07657, telephone (201) 943-5920.

Philadelphia Division has determined that approximately 44 sport type stores in the Philadelphia area order products from Valor Company. A review of those companies indicate that nine of those stores ordered these knives. Approximately 45 knives have been sold to companies in the Philadelphia area and approximately 11 knives have been sold through Knifeco mail order to individuals in the Philadelphia area.

PH 62D-6445

The knife used in the murder is described as approximately 15" in length, with a metal handle and stainless steel blade. The hollow handle contains a plastic vial holding three or four stick matches, fishing hooks, and a length of wire which can be used in the cutting of wood. The handle on the knife, black in color, has been described by Knifeco as model 719. The knife sold through Knifeco with the camouflage handle is described as model 718.

REQUEST OF THE BUREAU:

At Tai Pei, Taiwan, request contact with Kantas Products, P.O. 84-349, Tai Pei, Taiwan in an effort to determine the number of knives sent to the U.S., the period of time that these knives have been sold, and the identification of any other distributors besides the Valor or Knifeco companies handling their product.

LEADS

NEW YORK DIVISION

AT NEW YORK, NY:

Will contact Compass, Inc., 104 E. 25th Street, New York, NY (212) 473-2614 and display the enclosed xerox copy of the murder weapon. Will determine if they handle the sale of a weapon identical with the murder weapon. If determination is made that the weapon is handled by Compass, will gather records concerning the sale of this knife through either mail order or through retail stores in the Philadelphia area.

NEWARK DIVISION

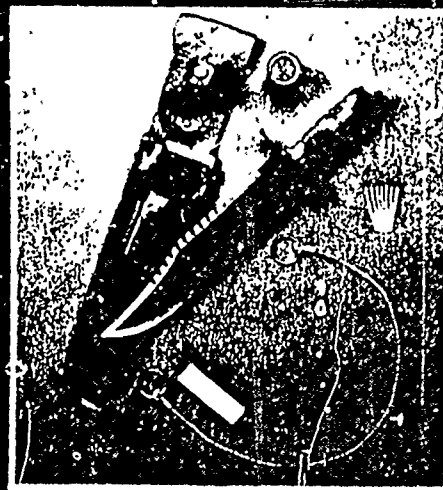

AT RIDGEFIELD, NJ:

Will contact individuals at Joy Enterprises, 801 Broad Street, Ridgefield, NJ 07657 (201) 943-5920. Will display enclosed xerox copy of picture of the murder weapon and determine if this weapon is sold by Joy Enterprises. If this weapon is handled by Joy Enterprises, determine the extent of sales in the Philadelphia area and attempt to determine the number of knives sent through stores in the Philadelphia area or sold directly through mail order.

b7C RE: UNKNOWN SUBJECT  
b7D ISMAIL R. FARUQI (Deceased)

Dear :

On May 27, 1986, at Wyncote, Pennsylvania, an unknown person entered the home of Ismail Faruqi and, using a "survival"-type knife, murdered Faruqi and his wife. Left at the murder scene was a fifteen-inch survival knife which is depicted on the enclosed photograph.

The knife used in the murder is described as approximately fifteen inches in length with a metal handle and stainless steel blade. The hollow handle contains a plastic vial holding three to four stick matches, fishing hooks, and a length of wire which can be used in cutting wood.

Investigation indicates that Knifeco Company sold the knife for Valor Company who purchased it from Kantas Products, Ltd., P. O. Box 84-349, Taipei, Taiwan. Indications are that Valor Company may be the only representative for Kantas Products in the United States.

We humbly request your kind assistance in determining from Kantas Products, P. O. Box 84-349, Taipei, the number of similar knives that have been sent to the United States, the period of time these knives have been sold, and the names of distributors in the United States that have authority to sell Kantas products.

Sincerely yours,
